AS A MOTHER I SHARE YOUR DREAMS

A mother's support is invaluable. When my children were too shy to go on stage, they needed their mother's encouragement. Allowing our children to realise their own potential, to be confident, independent and empathetic, that is what every mother strives for. At BPR International School, we understand that education is not just what's in the text book, it is a journey of self-discovery. As a parent, our child's future causes us much anxiety. It is this very anxiety that motivated me, as a parent of two, to create the best educational environment at BPR International School. Today, when I see my children well settled, I can fully appreciate the importance of quality education and a holistic, nurturing environment.

I AM DEDICATED TO SHAPING RESPONSIBLE CITIZENS

India has been abundantly blessed with material wealth and economic progress. But economic wealth is not enough to shape a future. The real wealth of our nation lies in the intellectual power of our future generations. We at BPR International School, believe that it is our role to enhance this intellectual wealth for our next generation. I have since made it my commitment to equip young India with all the tools, skills and know how it requires to stand toe-to-toe with the best in the world. Education is not simply about academic achievement. For me, it has always been about being a global citizen-one who cares for and is empowered by the challenges of our future society. This can only be realised by imparting quality education, specially focussed on development of "KASSM" (Knowledge Attitude, Skills, Social and Moral Values). At BPR International School, we are nurturing and building these citizens every day, both within and outside the classroom. Prayers have always been a strong moral foundation. My family and I trust in the mighty Lord and always believe in the power of the Lord's Prayer to guide us. Be strong and courageous. Do not be afraid; do not be discouraged. Your God will be with you wherever you go.

Start of a dream

It started with a dream.....a glorious vision to create an ambience conducive to creative learning. A dream to innovative route towards providing Global Education with its feet firmly grounded in the Indian soil. A humble endeavour to touch the grandest heights of excellence in education. A School with a difference!

BPR International School is committed to nurture and equip young learners with the uncommon ability of self exploration and development. It provides an environment that encourages independent thinking and develops the ability of decision making. With the aim to foster children to become confident and socially committed individuals, BPR International School is set to give wings to learners' dreams and aspiration to fly to the world of their choice. I expect my faculty to nurture students as creative thinkers, problem solving and enabling them to chart their own paths as future citizens.

Wishing everyone great success ahead!
